Dear author:

**Your book banner promoted all over the
country!**

Look at the picture below. Taken just before the North Carolina authors convention began last month. Everyone who came through that door saw those books! Couldn't miss them. And everyone who attends our future conventions this year will see them too**.

EXTRA: Each time we include a mass book signing in a shopping center, these 83" x 32" banners go there also. For maximum exposure, to catch the attention of thousands of shoppers!

Reserve your book's banner space today so you're in time for **our next authors convention in Orlando, May 1** (see www.authorsconvention.com), and the subsequent mass group book signing in the Florida Mall. With those vibrant colors, they draw immediate attention. **Be quick: we have only a limited number of spots available!**

Even if you can't join us for every convention,
your book can. Larger than life!

Go to www.publishamerica.net/service/Banner.html to activate for **\$89**. Hurry: we must have these banners designed and manufactured before we descend on Orlando a little over three weeks from now! After each event we will be sharing photos or videos where you will be able to see just how prominently your book was displayed.

Must choose a shipping option to activate. No use of coupons is allowed.

***Future conventions are being planned for the New York, Detroit, Atlanta, Memphis, Chicago, Ohio, Los Angeles and Seattle areas.*

Thank you.
