Dear author:

- Is it "their" or "there"?
- "Desert" or "dessert"?
- "Complimentary" or "complementary"? "It's" or "its", "further" or "farther", "then" or "than"?

PublishAmerica's editors have compiled the ultimate handy guide for writers, funny, easy to navigate, extremely helpful. People make a thousand common mistakes in English, and at PublishAmerica we have seen them all. ***The PublishAmerica Style Guide*** helps you tweak your book to perfection.

Notice the italics in *The PublishAmerica Style Guide*?

The *Style Guide* explains why:

- Newspapers, albums, books, movies, TV shows, plays all get italics:
"I saw it in *Writer*'™s *Digest* last month."
- Song titles and titles of articles get quote marks:
He really liked that Beatles'™ song, "Paperback Writer."
