**To:**

Good morning,

Thank you for your prompt response to our PR questionnaire. The press release for your new book was sent to your local media today and is attached for your records.

It is always best for an author to contact media soon after they receive your press release, so we encourage you to follow up with them today or tomorrow.

Please send us the links to your newspaper stories after they have appeared in print or online.

Congratulations on your book and proactive self-marketing!

Shawn Street
